

Dear Friends,

As you know, the Synod of Living Waters is involved with a new online news service. Presbyterian Neighbor News is a cooperative effort on the parts of the Synods of the PCUSA. The Synod of Living Waters has news updates posted weekly. You may join PNNews by going to <http://livingwaters.pnnews.org>. Once you are on the Synod of Living Waters edition page, go to the upper left hand corner and click on the "Learn more/join" button.

I am inviting you to join PNNews today. In addition, I would like to ask you to send an invitation to join this news service to your presbytery email list. This is an excellent way for members of the Synod to receive timely news from around the Synod. But in addition to that, it is a wonderful way for Presbyteries and churches to send out news. Many of you sent someone to the workshop I hosted last spring to train people using this service. Since then I have received many interesting stories from around the Synod. Help me get that news to more people by inviting people from your Presbytery to join PNNews. I thank you for helping me with this effort. If you have any questions, please do not hesitate to email or call me.

Sincerely,
Janet Tuck
